6th Annual Competition Conference

6th Annual Competition Conference

The 6th AIJA Annual Competition Conference 2017 will focus on procedural issues in competition law matters.

Given the interests at stake in competition law, procedural matters are of particular importance to our field of law. Whether at national level or at the level of supranational courts and authorities, many questions arise in relation to due process, rights of the defense and the organization of investigations and proceedings. As usual with our annual conferences, high level scientific discussions will take place in a relaxed and convivial atmosphere, taking advantage of spring in the Netherlands' capital.
