ABOUT THE HALF-YEAR MAY CONFERENCE 2024

After almost 20 years, **AIJA will return to Mexico City** for the 2024 Half-Year May Conference! We are delighted to invite you to one of the oldest and largest cities in the Americas, which is a testament to the nation's rich history, diverse culture and indomitable spirit.

“The City of Palaces”, as it's nicknamed, will be hosting the **Half-Year May Conference from 29 May to 1 June 2024**.

Mexico City is a place where history and modernity converge, making it the perfect location to host a conference focused on the ever-evolving relationship between the law and the digital economy. With a diverse range of keynote speakers and panel discussions, the academic programme is designed to explore the latest trends, theories and research, including their potential impact on our daily life, as lawyers.

Nestled in the heart of the sprawling Valley of Mexico, this bustling metropolis, which dates back to the time of the Aztecs, captivates visitors with its stunning blend of ancient traditions and modern innovation. Mexico City pulses with life, offering a mesmerising array of attractions, ranging from awe-inspiring archaeological sites to world-class museums, eclectic cuisine, and a thriving arts scene. With its infectious energy, warm hospitality, and deep-rooted appreciation for its heritage, Mexico City will offer an unforgettable AIJA experience.

The conference will take place in the financial centre of Mexico City, renowned for its exceptional facilities, beautiful architecture, and world-class accommodation. The area offers an impressive range of museums and galleries, where more than 4,500 years of Latin American and global history are housed.

The academic programme will be about ‘*Law in the Times of the Digital Economy*’ and will be divided into two tracks. The first track will focus on **Transactions in the Age of Technology**, where the panels will discuss AI, blockchain technology, cryptocurrencies, and smart contracts, among other topics. The second track will address the **Impact of the Digital Economy in our Daily Lives** and how the digital economy is shaping, not only commerce but also public interest, regulation and policy in a variety of areas, including environmental factors, healthcare, indigenous rights, traditional knowledge and consumers' rights.

The Organising Committee plans to deliver a social programme worthy of Mexico City's heritage, character and vibrance, at some of the most beautiful landmarks in the City, such as the National Museum of Art, Hacienda de los Morales, Casino Español, and Castillo de Chapultepec. Each of these landmarks has witnessed numerous chapters in the nation's history and they are not to be missed.

Even though the conference will be immersed in all things digital, you will also get to experience the well-renowned warm welcome of the country that coined the phrase “mi casa es tu casa” and sample the gastronomic delicacies that Mexico's world-famous cuisine has to offer at the home hospitality dinner.

We look forward to seeing you in Mexico City in May 2024!

MEXICO CITY IS A PLACE
WHERE HISTORY AND
MODERNITY CONVERGE,
MAKING IT THE PERFECT
LOCATION TO HOST A
CONFERENCE FOCUSED
ON THE EVER-EVOLVING
RELATIONSHIP BETWEEN
THE LAW AND THE DIGITAL
ECONOMY.
