5. Status of current projects

Seminar Bilbao September 2017

The President explained that preparations for the joint seminar in Bilbao of the Transport, Insolvency and Energy Law Commissions were well under way and he invites the attendees to join the Commission in Bilbao.

Joint Seminar Banking Finance & Securities Law London 2018

The first preparations for the joint seminar on banking finance and insolvency, together with the Art Law seminar, are well underway. The Presidents requests the attendees to step forward if they are interested in speaking at the seminar or wish to attribute to the OC.

Year Conference 2018 – Brussels

The Work Co-ordinators have set out the outlines of the Year Conference in Brussels in their presentation. It is unclear if the 'old' model of general and national reporters will be followed to the letter, but in any event a general reporter must be appointed per Commission for the respective working sessions.

Next year's general topic will be 'Imagine all the people: is the dream of globalisation over? Are we heading towards or away from international integration?'

The President invites any interested party to the position of general reporter to step forward. Giuseppe Scotti explains that InsolEurope will focus on Brexit consequences in their year conference in Warsaw. The topic of Brexit may be an interesting one.

6. Ending of term Common Law Vice-President Stephanie Reed Trabant

The President thanks Stephanie for her relentless efforts and hard work as Common Law VP for the Commission and especially thanks her for extending her term with one year, in order to find a suitable candidate.

COMMISSION 7. *Election new Common Law Vice-President*
