

Build on Sustainability

We look after the planet with the same care as we look after our guests. You can relax knowing that everything from your super comfy bed to the biodegradable straws is designed to reduce our impact on the environment.

Significantly reducing plastic waste

Adopting large-format bathroom amenities reduces plastic waste.

Biodegradable take-away coffee cups, instead of traditional alternatives, reduces our impact on the environment.

Filtered water in glass bottles means 300+ plastic bottles foregone in every guest and meeting room each year.

Reducing energy consumption and our eco-friendly approach

The filling of our indulgent bedding is made from 100% recycled materials.

Aerated shower heads, reducing water usage and ensures lower energy consumption for water heating.

“Green ingredients” in bathroom amenities, obtained from sustainable or renewable plant-based origins, where its sourcing does not negatively impact the ecosystems.
