## MERGERS & ACQUISITIONS SEMINAR Recent Developments in M&A

## FUSION & ACQUISITION SÉMINAIRE Les développements récents en fusion & acquisition

The AIJA Corporate Acquisition and Joint Ventures Commission is pleased to invite you to a seminar on recent developments in M&A. The seminar will be held in Stockholm, Sweden, on 29-30 May 2009.

A visit to Stockholm offers an opportunity to see one of the world's most beautiful capitals. Built on 14 islands around one of Europe's largest and best-preserved mediaeval city centres, the Swedish capital is superbly positioned, with stunning and extremely varied scenery in every direction.

This two-day seminar is a great opportunity for lawyers interested and specialised in M&A to meet experts in the field, attend various sessions covering areas of particular interest, discuss recent issues, exchange experiences and further develop relationships with colleagues from other firms and countries.

The seminar will cover:

- Recent developments in M&A
- M&A in Life Sciences
- Securing sellers' post-closing obligations, including escrow structures, purchase price adjustment mechanisms and M&A insurance

The seminar will begin on Friday morning, 29 May, and end on Saturday, 30 May at noon.

The social part of the program will include a cocktail reception on Thursday, 28 May. On Friday evening, we will discover the islands and skerries of Stockholm by boat and enjoy dinner in the beautiful Stockholm archipelago. A post-seminar dinner will also be arranged on Saturday, 30 May, for those staying until Sunday.

We look forward to welcoming you to Stockholm!
